

ZACHARY COMMUNITY SCHOOL DISTRICT FACILITIES

The ZCSD completed a \$138 million Capital Improvement Plan. The district issued a series of bonds over 6 years supported by 36 mills dedicated to be used only to pay for construction debt. The first \$39 million in construction bonds was issued in April 2004, second \$25 million in April 2006, third \$25 million in March of 2008 and fourth \$40 million in November 2010.

ZELC \$7,600,315

Zachary Early Learning Center is a 42,200 sq ft new school that opened in the Fall of 2010. The school houses the district's PreK program. The facility was designed and built with needs of 4 year olds in mind. It offers 2 playground areas in addition to outdoor access for each classroom, as well as a library media center.

Northwestern Elementary School operates as the district's Kindergarten center. It received a classroom expansion, updates to lighting and administrative areas and a new library media center. Restrooms have been updated, the cafeteria has been renovated and a new covered play area has been added. New decorative fencing with controlled access gates has increased building security. Included in the renovation at Northwestern Elementary were office renovations to the SASSY program building.

NES \$5,128,732

ZHS \$44,823,432

Zachary High School main campus added a new classroom wing and administration building, Foundation Hall (Freshman Academy), Visual and Performing Arts Center, Academic Athletic Center, Gymnasium Complex and Agriculture Center. Zachary Career and Technical Center at Port Hudson added new classroom workshops for construction, automotive and future programs.

Rollins Place Elementary School is the 1st and 2nd grade school. The new facility opened in the Spring of 2013. The school is 103,068 sq ft with 42 core classrooms, administrative area, dining and kitchen as well as an indoor physical education area and music room.

RPES \$17,802,371.84

NMS \$20,321,633

Northwestern Middle School is now a 63,077 sq ft new school constructed on the historic Northwestern site. The new school opened in the Fall of 2007. In addition, the A. Hays Town designed auditorium received a complete upgrade and the gymnasium was renovated and air conditioned.

Zachary Elementary School is home to 3rd and 4th grades. In the Fall of 2014, a new 2-story classroom building containing an additional 30 classrooms opened to students. Other facilities upgrades over the course of the building program included a new administration building, library media center, classroom addition and a new kitchen & dining room as well as additional parking to improve traffic flow.

ZES \$13,662,249

CMES \$17,630,843

5th and 6th grade students will attend Copper Mill Elementary School, a 89,400 sq ft school. Since construction in 2006, the school has received an eight classroom expansion to the main building and a gymnasium, band room and classroom additions.
