

ZACHARY COMMUNITY SCHOOLS MEDICATION PACKET

Included in this packet:

- ✓ Medication Orders
- ✓ Parental Consent Forms
- ✓ Health Update Form
- ✓ Medication Policy

Forms must be completed and brought to school by parent with the medication. A parent will need to sign the medication in with a nurse or secretary in the office.

****STUDENTS MAY NOT BRING THE MEDICATION TO SCHOOL.****

Any student possessing medication while at school without prior authorization will be subject to disciplinary action.

Your child's physician may fax the order to the appropriate school, to the attention of 'School Nurse'. However, the original must be sent to the school as soon as possible:

Zachary Early Learning Center

Fax: 654-8746
Phone: 654-4036

Please carefully read our medication policy. Any medication not picked up at the end of the school year will be disposed of.

THANK YOU,

ZACHARY COMMUNITY SCHOOLS NURSE DEPARTMENT

Zachary Community Schools

MEDICATION POLICY ZACHARY COMMUNITY SCHOOL BOARD

1. As a general principle, medication shall not be given at school unless it is certified in writing by the attending physician that such medication cannot be administered before or after school hours.
2. Possible exceptions to the general principle:
 - A. Medication for behavior modification (e.g. Ritalin)
 - B. Insect sting allergy-- Must have a note from the physician with specific instructions.
 - C. Anticonvulsant medications (e.g., Dilantin, Phenobarbital)
 - D. Medication for asthmatic conditions
 - E. Extenuating circumstances--These will be assessed on an individual basis, e.g. field trips, chronic disorders, i.e. migraine headaches, arthritis, Sickle Cell Anemia, etc.
3. Antibiotics and other short term medications, including non-prescription medication, shall not be given at school.
4. Children shall not be allowed to have medications in their possession on the school grounds. Teachers and principals have the right to take the medication from the child and contact the parents for appropriate information. Exception: see Self Administration of Medication
5. Prior to the administering of medications during school hours, the following will be required:
 - A. Medication shall not be administered to any student without an order from a physician or dentist licensed in the states of Louisiana, Texas, Arkansas and Mississippi and written parental consent.
 - B. Medication must be brought to the school by the parent or guardian in the container that meets acceptable pharmaceutical standards.
 - C. Both the consent letter from the parent or guardian and the medication container shall contain clear instructions identifying the student's name, prescription numbers if any, date, frequency, name of the medication, dosage, route, and physician's or dentist's name.
 - D. No more than one month's supply (thirty school days) of the medication shall be kept at school; the empty bottle will be sent home with the student.
 - E. If a student is to receive a fraction of a tablet, for example: 1/2 tablet, the parent is responsible for scoring (breaking) the tablets. Fractional doses are not exact; therefore, unlicensed personnel are not allowed to break tablets.

- F. At the beginning of each school year and anytime there is a change in medication a new form from the physician must accompany the new prescription.
 - G. All medication must be recorded daily on the Medication Log. The Parental Consent and the Physician's Order Form will be kept with the Medication Log and a copy of each form will be placed in the cumulative folder.
 - H. Because of potential danger, medication must be kept under lock and key in a secure, central location.
 - I. The principal shall designate at least two employees to administer medications in each school. Designated employees must receive the required training for medication administration in the schools.
7. A registered nurse and/or licensed medical physician employed by the East Baton Rouge Parish School Board shall review the physician's or dentist's order and the Parent/Guardian Consent for Medication Administration. The nurse shall assess the health status of the specific child in his specific educational setting. The nurse shall determine that, according to the legal standards of the respective licensed health professional when performing such procedure, the administration of medication can be safely performed by and delegated to someone who has received documented training with documented competence other than a licensed health professional

6. Self Administration of Medication

Self administration of medication by a student may be permitted under the following conditions:

- A. The completed Parental Consent and Physician's Order Form have been brought to the school.
 - B. The school nurse has evaluated the situation and deemed it to be safe and appropriate; has documented this on the student's cumulative health record; and has developed a plan for general supervision. The plan may include observation of the procedure, student health counseling and health instruction regarding the principles of self-care.
 - C. The principal and appropriate staff are informed in writing that the student is self administering prescribed medication.
 - D. The medication is handled in a safe, appropriate manner.
7. The School Board and its employees are not responsible for any unintentional mistakes or oversight in keeping or giving the student's medication.

This policy is in compliance with Act No. 87 of 1993 and the Joint Policy of LSBN (Louisiana State Board of Nursing) and SBESE (State Board of Elementary and Secondary Education).

ZACHARY COMMUNITY SCHOOLS

ZCSB PARENT/GUARDIAN CONSENT FOR MEDICAL ADMINISTRATION

Name: _____ DOB: _____ Grade _____
School: _____ Teacher: _____
Parent/Guardian: _____ Address: _____
Home Phone: _____ Business Phone: _____
Other persons to be notified in case of emergency:
Name: _____ Relationship: _____ Phone: _____
Name: _____ Relationship: _____ Phone: _____
Medication Name: _____ Prescription #: _____
List any allergies: _____
Are there any special instructions for giving your child this medication? _____

List medications student receives at home: _____

1. Have you received and reviewed the ZCSB Medication Policy? ___ Yes ___ No
2. Do you give permission for the school nurse to share with designated trained unlicensed personnel information about your child relative to medication administration as the nurse deems necessary? ___ Yes ___ No. Are there any restrictions on this release? _____
3. Do you understand that you may retrieve the medication from the school at any time and that the medication will be destroyed after you have been notified if it is not picked up on the student's last day of school or when the medication orders are discontinued? ___ Yes ___ No
4. Have you administered the initial dose at home and have you allowed sufficient time (overnight) for observation of adverse reactions before asking school personnel to administer the medication? ___ Yes ___ No

All of the above answers must be yes before the medication can be administered at school by unlicensed untrained personnel.

Use this box only for a student who will administer his/her own medication, such as an asthma inhaler. The student will be required to record each dose.

Do you give permission for your child to self-administer medication if the school nurse determines it is safe and appropriate in the school setting? ___ Yes ___ No
Do you believe your child is sufficiently responsible and informed to administer his/her own medication? ___ Yes ___ No
Do you assume responsibility for your child's actions in his/her self-management of medication at school? ___ Yes ___ No
Do you understand that regular medication orders must be provided for students who self-administer medications at school? ___ Yes ___ No

I understand and agree that Zachary Community School Board and its employees are not responsible for any unintentional mistakes or oversights in keeping or giving my child medication. I agree to hold the School Board free and harmless from liability from injuries, which might occur as a result of the administration of medications by school employees.

ZACHARY COMMUNITY SCHOOLS

Dear Parent/Guardian:

The medication law, Act 87 of 1993, requires medication to be administered by either a licensed or trained unlicensed school board employee. However, a parent may delegate this responsibility to a volunteer who is not employed by the school board. This law is strictly enforced by the school board administration.

On class field trips, the class may not be at school for scheduled medication, or PRN as needed medications. In most cases there may not be a trained unlicensed person to administer medications on field trips.

A volunteer, (a parent or teacher), will give your child the needed medication. Please check the appropriate blank below, so that we know how you would like medication administration during field trips to be handled.

_____ Yes, the volunteer may administer my child's medication during the field trip.

_____ No, my child may not receive medication from a volunteer. Please withhold the dose during the field trip. (Please be advised that emergency medication must go with the student on all field trips. Contact your school nurse.)

_____ I will be going on the field trip and will administer medication to my child.
