**Re:** Louisiana Department of Education Parent and Family Engagement Survey

The Louisiana Department of Education is conducting an online survey that will inform school systems and building leaders about their success at engaging parents in their children's education. Information will be used to recognize strengths in family engagement practices and create strategies for improvement. All individual responses are confidential.

Directions:

- If you have children in multiple schools, please complete only one survey for the Zachary Community School District.
- If you have children attending multiple schools in the Zachary Community School District and your opinions on the statements vary per school, you should select the "inconsistent between schools" option/response when completing the survey.
